6 MONTHS OF
INDUSTRIAL ATTACHMENT

ADVANCED DIPLOMA IN
COMPUTING AND INFORMATION TECHNOLOGY

The course is focused on the latest development in the computing and information technology industry. It helps the students to gain theoretical and practical knowledge and skills in various aspects of computing and information technology management for those who wish to pursue or further advance their careers in this industry. Students may be selected to undergo on-the-job training of 6 months in an established computing and information technology establishment in Singapore. Failing which, students will prepare and submit an industry project within 2 months.
