This is subject to the following, standard, conditions:

- 1) The University complies with the RICS regulations on the appointment of RICS external examiners (one academic and one practitioner for each programme)
- 2) The University complies with the RICS regulations on the submission to the RICS of annual course reports within three months by the end of the academic year. These reports are to include RICS external examiners reports and the University's response to these. In addition, the reports should update the RICS on cohort progression and graduation statistics; changes in the

curriculum and any changes in the staffing or key resources supporting the delivery of the programmes, and

3) The course team formally reviews the programs on a continuous basis and that the conclusions of this review are submitted to RICS as part of the RICS annual course reports.

Yours sincerely
