AND

WHAT YOU
NEED TO
HEAR

KYAW ZIN LAT

I chose to enroll in GSTM's Bachelor of Science (Honours) in Construction Management (Top Up) course because I wanted to renew and improve my knowledge on the ground at the job site, to think on my feet.

My favourite part about being a student at GSTM was attending engaging lessons taught by dedicated and well-prepared lecturers. Furthermore, there were adequate teaching facilities at GSTM to provide us with a conducive learning environment.

As a result, I have now achieved my objective of accumulating the knowledge and Construction Management industry skills required to perform better at my job

**Bachelor of Science(Honours)
in Construction Management (Top Up)**

MD. ASLAM BISWAS

I would like to express my gratitude towards GSTM for imparting the relevant knowledge needed for my course throughout the duration of my Bsc(Hons) Degree in Quantity Surveying. It has indeed been an invigorating experience achieving this milestone which will be a boost to my career.

The lecturers have also impacted me in a constructive manner, teaching me relevant and sought-after skills in the workplace and industry such as critical thinking and communication.

Lastly, I would like to give special thanks to GSTM staff for promptly solving any of my administration woes.

**Bachelor of Science(Honours)
in Quantity Surveying (Top Up)**

CHARMAINE CHING

I did my degree BSc(Honours) in Real Estate(Top Up) at GSTM because I found that they provided courses which were relevant to the industry I work in.

GSTM education was very much suited to my style of learning. For instance, there were minimal examinations in this course, allowing me space and time to absorb knowledge at my own pace. This is an excellent way of ensuring work-life balance for many of us working adults.

The lecturers from GSTM were willing to impart knowledge by answering questions that I had unconditionally. The lecturers from GSTM helped me understand good industry practices and I have benefited well from my course here.

**Bachelor of Science(Honours)
in Real Estate (Top Up)**

MEGAN LIM

During my stint at GSTM as a student, I felt that the services were adequate and prompt. The curriculum is thorough and thus provides sufficient knowledge for me to apply when i venture into the working world.

GSTM also possesses a good methodology to help the students excel in their field of study, for instance, enrichment assignments and projects to ensure the students can cope and to assess our progress throughout the course.

GSTM knows their role in supporting students and I made a wise choice joining this school.
